1. Occupier & BD Information

Company Name

Brief Description

Application Type: Free Zone Non Free Zone

2. Utilities Phasing Plan (from start of operations to full ramp-up)

Operational Phases	Phase 1	Phase 2 (Future Expansion)	Other Future Phases, if applicable	Total
Date (Quarter/Year)				
Total Connected Load (MW)				
Desired Voltage Level (kV)				
Natural Gas (MMSCFD)				
Potable Water (m ³ /day)				
Process Water (m ³ /day) Note: This is daily intake/make-up for industrial use				
Industrial Waste Water (m ³ /day)				
Sea Water Cooling (m ³ /hour)				
Operational Workforce (numbers)				
Others, if any				

3. Transportation

Trips/Day - Light Vehicles: <input type="checkbox"/> Trucks: <input type="checkbox"/> Buses: <input type="checkbox"/>	Trips/Peak Hour - Light Vehicles: <input type="checkbox"/> Trucks: <input type="checkbox"/> Buses: <input type="checkbox"/>
---	---

4. Power (Applicable for power consumption above 10 MW)

What are major power consumers?	Others, please specify below
<input type="checkbox"/> Arc Furnace <input type="checkbox"/> Pump <input type="checkbox"/> Feedstock	1. 2.

5. Process Water (Applicable for water consumption above 100 m³/day, Water Balance Diagram is required)

What are major process water consumers?	Others, please specify below
<input type="checkbox"/> Boilers <input type="checkbox"/> Furnace <input type="checkbox"/> Feedstock	1. 2.

6. Natural Gas (Applicable for natural gas consumption above 0.5 MMSCFD)

What are major natural gas consumers?	Others, please specify below
<input type="checkbox"/> Boilers <input type="checkbox"/> Furnace <input type="checkbox"/> Feedstock	1. 2.
